SUMMARY

A dedicated and adaptable Full-Stack Developer with hands-on experience in designing, developing, and maintaining web applications using Laravel, Django and the MERN stack. Skilled in building efficient, scalable, and user-friendly solutions, with a strong focus on clean code and performance. Demonstrates strong problem-solving abilities and a collaborative mindset, with experience working effectively within a development team. Committed to continuous learning and delivering high-quality results in dynamic environments.

TECHNICAL SKILLS

Strong background in full-stack web development utilizing Laravel with Inertia and React, as well as Django with Python, alongside hands-on experience with the MERN stack (MongoDB, Express.js, React.js, Node.js). Proficient in building responsive and user-focused interfaces using Bootstrap, Tailwind CSS, and pure CSS. Experienced in database design and management using MongoDB and MySQL, with a solid understanding of both NoSQL and SQL systems. Competent in version control using Git and GitHub, and knowledgeable in applying software testing methodologies. Demonstrates familiarity with the Software Development Life Cycle (SDLC), including requirements analysis, development, testing, deployment, and maintenance.

SOFT SKILLS

- Detailed Oriented
- Adaptability
- Problem Solving Skills
- Logic and Critical Thinking Skills
- Attention to Detail
- Time Management
- Work Ethic
- Accountability
- Professionalism

WORK EXPERIENCE

PROJECT TECHNICAL ASSISTANT II: FULL STACK DEVELOPER
Department of Science and Technology-MIMAROPA Regional Office | August 2025-Present | Contract of Service

- Managed end-to-end project execution as a one-person team, taking on responsibilities as a programmer (Full stack), QA engineer, system analyst, and project manager.
- Maintained and enhanced systems developed by previous programmers by adding new modules and implementing additional features. Followed Agile development practices in delivering updates, improvements, and system enhancements.

FREELANCE WEB DEVELOPER & QA ENGINEER
Self-Employed |September 2024-2025 | Project-Based

- Developed web-based and hybrid applications tailored to client requirements and business needs.
- Participated in full project development, from planning and system design to deployment and testing.
- Ensured application quality through debugging, testing, and continuous improvements based on client feedback.

SOFTWARE QUALITY ASSURANCE
League of Developers Initiatives (LODIxr)| DOST | January 2025 – April 2025 | Internship: DOST Marinduque

- Developed a Customer Satisfaction Feedback System using the MERN stack for DOST Marinduque.
- Served as a QA Analyst at LODIxr, conducting different testing methodologies such as unit testing, regression testing, functional testing, and other software testing procedures.

ACADEMIC PROJECT

CAPSTONE PROJECT: PERMITTREE: ONLINE FORESTRY PERMITTING AND MANAGEMENT SYSTEM
Role: *Project Manager & QA Analyst*

- Led project planning and task coordination for a multi-role web platform.
- Performed functional, user acceptance, and ensure software quality.
- Collaborated with developers to report and verify bugs before deployment.

WORK PROJECT

PMNS: PROJECT MANAGEMENT AND NOTIFICATION SYSTEM
Role: *Full stack Developer: Mysql, Reactjs, Nodejs, Express.js, Hostinger*

- Web application for the Techno-UP unit of DOST MIMAROPA
- Composed of seven types of users, including clients and PSTO offices from Marinduque, Palawan, Romblon, Oriental Mindoro, and Occidental Mindoro, Techno-up admin, Techno-up Focal, RTEC, Accounting, Cashier, Super-Admin
- Programs: GIA, CEST, SSCP, and SETUP
- Features: TNA management, RTEC management, funding management, refund management, and project monitoring

TOURLISTA

Role: *Laravel Developer*

- Migrated an existing Vanilla PHP web application developed by another programmer to the Laravel framework.

ORAS: ONLINE REGISTRATION AND ATTENDANCE MANAGEMENT

Role: Full stack Developer (System Enhancement & Module Development)

- Enhanced and maintained the ORAS (Online Registration and Attendance System) for the DOST MIMAROPA Regional Office and its provincial offices.
- Developed and integrated an additional module for requesting drivers and personnel whereabouts.

CENTRALIZED SUPPLIES INVENTORY AND MONITORING SYSTEM

Role: *Full stack Web Developer*

- Developed an inventory management system for the supplies of the DOST MIMAROPA Regional Office and its provincial offices. The system is used by the supply custodians of different units, including SARAI, TECHNO-UP, NIMU, S&T Promotion, and MIS, as well as the provinces in the MIMAROPA region: Marinduque, Romblon, Palawan, Occidental Mindoro, and Oriental Mindoro.
- The core features include CRUD operations for supply records and a borrowing request system that allows units to request supplies from other units.

ICT EQUIPMENT INVENTORY AND MANAGEMENT SYSTEM

Role: *Full stack Web Developer*

- Developed a Centralized Supplies Inventory Management System for the DOST MIMAROPA Regional Office and its provincial units. The system streamlines the tracking, management, and distribution of office supplies across multiple departments and provinces within the MIMAROPA region.
- The platform supports supply custodians from different units, including SARAI, Techno-UP, NIMU, S&T Promotion, and MIS, as well as provincial offices in Marinduque, Romblon, Palawan, Occidental Mindoro, and Oriental Mindoro.

EDUCATION

BACHELOR'S DEGREE | Information Technology | Marinduque State University **2021 – 2025**

- Awarded With Distinction and Best Intern award.
- Completed relevant coursework in Software Development, Project Management, Technical Support, Networking, System Administration and Software Quality Assurance, gaining foundational and practical knowledge applicable in a real-world IT environment.

AWARDS /RECOGNITIONS

BEST INTERN AWARD – College of Information and Communication Technology | Marinduque State University

- Awarded for demonstrating performance, professionalism, and dedication during the on- the-job training (OJT), through consistent excellence, proactive learning, and a positive attitude, has gone and beyond the expectations on the training program (June 4,2025)

MODEL INTERN AWARD –Department of Science and Technology -Marinduque

- Recognized for showing strong initiative, reliability, and professionalism—completing tasks proactively without needing supervision.
  (April 30, 2025)

OUTSTANDING PROGRAMMER AWARD –Department of Science and Technology -Marinduque **(**April 30, 2025)

- Awarded for demonstrating exceptional initiative, reliability, and professionalism in programming-related tasks. Recognized for consistently completing projects with excellence and independence, showing strong problem-solving skills and the ability to deliver results without the need for supervision.

2ND RUNNER-UP KNOWLEDGE RACE – College of Information and Communication Technology | Marinduque State University

- Achieved 2nd Runner-Up in a competitive academic event focused on core areas of Information Technology, including computer networking, Windows installation, programming, and general ICT knowledge.
  (April 30, 2025)

CONSISTENT DEAN'S LISTER - College of Information and Communication Technology | Marinduque State (May 8, 2024)

- Recognized for exceptional academic performance and consistent dedication to excellence in Bachelor of Science in Information Technology. Maintained consistent Dean's Lister status throughout college, with a highest General Weighted Average (GWA) of **1.28**.

COLLEGIATE SPORTS ACHIEVEMENT AWARD – College of Information and Communication Technology | Marinduque State University (June 4, 2025)

- Recognized for outstanding athletic excellence, unwavering dedication, and commendable contributions to sports. Throughout the college years, this student exemplified the true spirit of sportsmanship and leadership.

VISUAL VIRTOUSO AWARD-_Department of Information and Communication Technology – MIMAROPA (September 18,2025)

- Recognized the creativity in graphics, that reflects innovation, artistic vision and technical skills during the DICT-SPARK Technical Course on Digital marketing and E-Commerce

TRAININGS & CERTIFICATIONS

Certificate Of Completion: Programming For Intermediate Users Using Python | July 4,2024

- 8 hours of training by the Department of Information and Communication Technology

Certificate Of Completion: Dict -Ict018 Basic Label Of Software Engineering | Aug 8 ,2024

- 8 hours of training by the Department of Information and Communication Technology

Certificate Of Completion: Foundations Of Cybersecurity

- 10 hours of training by COURSERA

Certificate Of Completion: On-The-Job Training |Jan 24- Ap 30, 2025

- Completed the required time 486 Hours of On-the-job training at the department of Science and Technology

Women In Public Service And Gender Issues |March 27,2024

- 4 hours of training Department of Information and Communication Technology -Region 4

Certificate Of Completion: Dict-Dls003 Microsoft Productive Tools | March 27,2024

- 6 hours of training Department of Information and Communication Technology

Certificate Of Completion: Data Breaches And You: What To Do When Your Information Is Exposed | March 6,2025

- 3 hours of training Department of Information and Communication Technology-Region 2

Course Certificate: Foundations Of Cybersecurity | June 9, 2024

- 10 hours of training COURSERA Google

Course Certificate: Cybersecurity Policy Foundations | June 9, 2024

- 1 hours of training COURSERA Infosec

Course Certificate: Google Sheets | November 2, 2024

- 3 hours of training COURSERA Google Cloud

Course Certificate: Introduction To Cybersecurity | December 8, 2024

- 8 hours of training by CISCO Networking Academy

Course Certificate: Digital Awareness | December 8, 2024

- 8 hours of training by CISCO Networking Academy collaboration with OpenEDG

CyberRange 2025 | October 10, 2025

- 8 hours of Training by DICT-MIMAROPA

CyberCrime 2025

- 8 hours of Training by DICT

BlockChain Conferene 2025

- 8 hours of Training by Cavite State University
